Behjat Sadr

Dusted Waters

28 September - 8 December 2018

FREE

Behjat Sadr (1924-2009) is now regarded as one of Iran's most influential and radical artists. This exhibition brings together a selection of major works, including paintings, rare kinetic sculptures and collages which she created in her final years. This first UK solo show of her work reveals Sadr's dramatic artistic journey and her struggles as a woman fighting for recognition on a male dominated art scene.
